“ It's always a pleasure to work with Capel Manor College and to be a part of the inspiring work they do for both professionals and budding arborists. It's for this reason that we decided to give them our full support and we wish them the best of luck.”

## **2009 - Celebration of Trees**

Last year's event welcomed another high temperature attracting over 40 exhibitors and 1500 visitors and the new additions in 2009 proved to be very successful.

Capel's Climbing Competition (for Capel students), kindly sponsored by Winchester Garden Machinery (forestandarb.com), Honey Brothers and the ISA UK & I, was a great success. The Gwynedd Axemen, sponsored by Husqvarna, put on a fantastic show even giving away items they made on the spot to the loudest supporter. The addition of JB Raptor on Saturday with their falconry display gave a different element and the ever popular kids' climb pulled the crowds once again - so hopefully we've inspired the young arborists of the future. All of these are set to be repeated in 2010!

After last year's success we're holding another Employer's Forum in the Manor House on Friday 23<sup>rd</sup> starting at 3.30pm. This will look at Employer Responsive Training; understanding your business needs and in particular Short Courses, Apprenticeships, Train to Gain and Bespoke Training, as well as a presentation by Income Protect entitled Tree Surgeon Insurance Services; understanding the complexities of Public Liability, Employers Liability and Accident Insurance. If you would like to attend this part of the event we do ask that you register as places are limited (to do so please visit [www.capel.ac.uk/trees](http://www.capel.ac.uk/trees)).
